

The world unites
to protest for
LYME DISEASE
awareness

May 10th & 11th 2013

Patients worldwide are raising awareness and protesting to highlight the following needs:

- Recognition that Lyme disease/borreliosis can lead to serious health problems
- Awareness that transmission of tick-borne pathogens via blood transfusion is of global concern
- Agreement that Lyme should be listed as a notifiable infection
- Education of the healthcare sector regarding the accurate diagnosis and effective treatment of Lyme and other tick-borne infections
- Funding for research into transmission, testing and treatment of tick-borne diseases

Countries participating:

Australia, Austria, Belgium, Brazil, Canada, Croatia, Czechoslovakia, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Netherlands, New Zealand, Norway, Poland, Romania, Russia, South Africa, Spain, Sweden, Switzerland, United Kingdom and United States.
